

SHIPPER ONBOARDING PACKAGE

UR Freight 365 LLC Shipper Setup Guide

Use this package to prepare your company profile, freight details, and quote requirements for support from UR Freight 365 LLC through Booking Logistics LLC.

Booking Logistics LLC | MC-1503468

Freight agent support workflow

UR Freight 365 LLC supports shippers as a licensed freight agent operating under Booking Logistics LLC | MC-1503468. Shipper details, lane requirements, commodity needs, and load documentation are organized before quotes are sourced and capacity is coordinated.

1

Share company profile

Provide legal company name, billing contact, shipping contacts, facility locations, and preferred communication details.

2

Define freight lanes

List origin and destination markets, recurring lanes, seasonal freight patterns, pickup windows, and delivery requirements.

3

Confirm commodity details

Identify commodities, dimensions, weights, packaging, equipment needs, appointment rules, and special handling requirements.

4

Request and approve quotes

Send load details to UR Freight 365 LLC, review pricing and service options, then approve tendering through the licensed broker partner process.

Shipper information to prepare

- Legal company name and address
- Primary operations and billing contacts
- Pickup and delivery facility addresses
- Typical freight lanes and frequency
- Commodity descriptions and load dimensions
- Preferred equipment types and accessorial needs

Freight types supported

- Flatbed and open-deck freight
- Steel, pipe, lumber, machinery, and building materials
- Project cargo coordination
- Full truckload dry van opportunities
- Time-sensitive and appointment freight
- Recurring lane planning and quote support

Quote request process

Send shipment details, lanes, dates, equipment needs, and commodity information to quote@urfreight365llc.com.
