

UR Freight 365 LLC carrier setup guide

Use this package to prepare for carrier onboarding through Booking Logistics LLC, the FMCSA-licensed broker partner supporting UR Freight 365 LLC freight activity.

Booking Logistics LLC | MC-1503468

Licensed broker partner workflow

UR Freight 365 LLC operates as a licensed freight agent under Booking Logistics LLC | MC-1503468. Carrier setup is completed through the Booking Logistics portal so authority, insurance, safety, and compliance checks are handled before loads are tendered.

1

Complete setup packet

Open the Booking Logistics carrier portal and complete the carrier setup packet.

2

Submit authority and insurance

Provide MC/DOT authority information plus current cargo and liability insurance certificates.

3

Pass safety and compliance review

Carrier safety history, operating authority, insurance, and fraud risk are reviewed before activation.

4

Get activated

Approved carriers can begin receiving UR Freight 365 load opportunities after broker review is complete.

Have ready

- Valid MC number
- Active operating authority
- Current cargo insurance certificate
- Current liability insurance certificate
- Clean safety record
- Completed W-9

Compliance standards

- Authority verification
- Safety score checks
- Insurance verification
- Double-brokering screening
- Stolen MC number screening
- Cargo theft fraud screening
